Article IV, § 2 gives the Governor the authority to convene the Legislature upon "extraordinary conditions." Furthermore, the Legislature may only consider expenditures for the upcoming regular session and any other issues the Governor "may refer to them." During the Special Session, the legislature shall be limited to the following subject matter:

- Legislation and resolutions concerning constitutional and statutory changes to the nomination and appointment of Supreme Court Justices.
- Consideration of appointees to the OIL Supreme Court and Executive Branch.

The duration of special session shall be limited to five hours or less. As this is a special session, registration shall be conducted in a different manner than regular session. Registration shall be as follows:

- Registration shall be modeled after the "super-delegate" system. Each delegation will have the same number of votes their school possessed at the last regular session attended by that delegation. Any other delegates other than the total number of voting delegates sent by the school shall be non-voting; alternative delegates that will have all privileges delegated to them by each Chamber's standing rules. Both voting and alternative delegates must be registered for their respective chambers for Fall Session.
- There shall be no registration costs to attend Special Session. Each school shall conform to other regulations as directed by the Lieutenant Governor and Secretary of State. I hereby direct the Lieutenant Governor, in conjunction with the Secretary of State, to develop regulations for the operations of Special Session that are not inconsistent with this executive order.

IN WITNESS THEREOF, I have set my hand this 29th of July, in the year two thousand fifteen, and in the forty-fifth year of creation of the Oklahoma Intercollegiate Legislature.
